AUDIT PROCEDURE

The accounts and records of all Town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of the uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of the verification notices.

GENERAL COMMENTS AND RECOMMENDATIONSWater and Sewer Departments:

The audit disclosed several variances from statutory provisions of law regarding the Water and Sewer Departments. At the present time one Commissioner serves as Commissioner, Rents Collector, Accountant and Treasurer. Warrants are not issued by the Commission to the Collector. No formal abatement procedure is used regarding abatement of rent charges.

The following statutes covering the above variances are quoted as follows:

"R.S.A. 252:19 Establishment. Duties, any town or village district which adopts the provisions of this chapter may, at the time of such adoption or afterwards, vote to establish a board of sewer commissioners, consisting of three members, which board shall perform all the duties and possess all the powers in the town or district otherwise hereby conferred upon the Selectmen."

"R.S.A. 41:4 Incompatibility of Offices. No person shall at the same time hold any two of the following offices: selectman, treasurer, moderator, trustee of trust funds, collector of taxes, auditor...."

From the above statutes it appears that the Commissioner can not serve as Commissioner, Treasurer and Collector of rents at the same time.

Regarding sewer rental collections, the following statute is quoted:

"R.S.A. 252:13 Collection of Assessments or Rentals. They shall be committed to the collector of taxes, with a warrant under the hands and seal of the mayor and aldermen requiring him to collect them; and he shall

have the same rights and remedies and be subject to the same liabilities in relation thereto as in the collection of taxes."

It is therefore recommended that the Commissioners commit such sewer rents to the tax collector by warrant under their hands and seal as required by the statute.

In reference to abatements of sewer rents the following applies:

"R.S.A. 252:14 Abatement of Assessment. For good cause shown, the mayor and aldermen may abate any such assessment made by them or by their predecessors."

"R.S.A. 252:16 Correction of Assessments. If any error is made in any such assessment it may be corrected by the mayor and alderman by making an abatement and a new assessment, or either, as the case may require; and the same lien, rights, liabilities and remedies shall attach to the new assessment as to the original."

"R.S.A. 44:2 Provisions Applicable. All provisions of statutes, now made or hereafter enacted relating to to towns, shall be understood to apply to cities; and all provisions relating to selectmen....shall be construed to apply to the mayor and aldermen.... unless a different intention appears."

All sewer and water rental collections must be remitted to the Town Treasurer in accordance with the following statute:

"R.S.A. 41:27 Duties. The town treasurer shall have custody of all monies belonging to the town, and shall pay out the same only upon orders from the selectmen....The town treasurer shall keep in suitable books provided for the purpose, a fair and correct account of all sums received into and paid from the town treasury...."

In view of the above statutes, it is recommended that the Commissioners immediately transfer the duties now performed by one Commissioner to the proper officials as required by statute and appoint a Collector of Water Rents and make proper committment of water rents to said Collector under the hands and seal of the Commissioners.

It is further recommended that all receipts be reported in total and all refunds of overpayments be recorded in order that all transactions of the department be properly recorded.

Town Clerk:

The standard Report of Town Clerk to Treasurer are not used by the Town Clerk as mentioned in previous reports. It was also noted that the monies collected by the Town Clerk are deposited into a personal account along with business and personal monies. Remittances to the Treasurer are made from this account. The Town Clerk was notified of these findings and will deposit Town monies to the General Fund of the Town and report such deposits on the prescribed form immediately.

Conclusion:

The provisions of Chapter 71-A, Section 21, require that the Auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Hinsdale for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante
Director

REPORT OF THE HINSDALE CONSERVATION COMMISSION

1977

This past year, the Commission has been very active in the planning and the construction of further recreation facilities at Heritage Park.

Commission members planned and constructed six professional horseshoe courts. They were the scene of, this past fall, the first Annual Horseshoe Tournament. More tournaments are planned for this spring and summer.

The Boccie Courts (lawn bowling) were completed. The Picnic Area finished this past spring and was seeded and equipped with five fireplaces and ten new picnic tables. This area was used by several organizations and businesses. It is hoped that many more groups will consider using these facilities next year.

An asphalt walkway connecting the bridge to the picnic area was added this Spring.

Construction by the High School Industrial Arts students has begun on a storage-bathroom facility located at the rear of the park. This facility will provide bathrooms during daylight hours. It will be especially useful for large picnic groups.

Donations towards the Lena O'Neal Memorial Fund made possible the beginning construction of the Memorial Gardens. Planted and maintained by commission members, these beds contain yews, crabapples and roses. Further donations will be sought this year for continued development of these gardens. The Commission would like to thank those town's people who donated plants.

This year's plans call for the construction of a 100' x 200' multi-use concrete court. Planned for this surface will be shuffle board, street hockey, basketball, volleyball, handball, rollerskating, ice skating etc. The Commission feels this all purpose court will greatly increase the parks useage providing recreation for all ages.

Heritage Park was designed to serve all the people of Hinsdale in the field of recreation and the Commission looks forward to expanding our park along these lines this year.

REPORT OF THE HINSDALE CIVIL DEFENSE DIRECTOR
AND
SURPLUS EQUIPMENT CO-ORDINATOR
1977

Dear Citizens:

Your local Civilian Defense Agency is very pleased to present, to you this progressive and affirmative annual report.

One of several highlights of 1977 was the building and establishing of a full-fledged office in the Town Hall for C. D. purposes and furnishing this office with the necessities to carry on a very active C. D. program. The office may be visited by townspeople upon request and you are welcome to do so.

We traveled to Concord on numerous trips and have established a meaningful and effective liaison with the State of New Hampshire C. D. Agency and the Federal C. D. Program. Accompanying us on several trips were Fire Chief Jim Stanclift and Asst. Chief Michael Wojchick thus strengthening communications between local departments as well as the state and federal levels. Working together we were able to obtain a government surplus auxiliary generator valued at \$13,000.00 for only the cost of transportation. This generator is under the supervision of our water department and is ready for immediate use should any emergency arise.

Thru the State C. D. office many excellent films on safety, emergency preparedness, disaster help, fire fighting, and the like, were obtained. These films were used by both our schools and also shown at fire and police department meetings.

The year 1977 has been a very productive and rewarding experience for us and we will strive in 1978 to continue on course. Your C. D. Agency exists for the safety and well being of all our citizens.

Any suggestions or help from townspeople will be greatly appreciated.

REPORT OF THE HINSDALE BOARD OF ADJUSTMENT

The Board held fourteen regular meetings and one special meeting by request of the Hinsdale Selectmen. A total of twenty three appeals were heard. Three appeals were denied. Two of the denied three appeals were reappeals one was granted upon new evidence which was brought before the board and the second reappeal will be held January 10, 1978. The special meeting called by the Selectmen was a joint meeting of the Planning Board, Board of Adjustment and Selectmen. It was a meeting to help understand each others responsibility and duty and to see if some of our by-laws could be more clearly defined. This meeting was held November 29, 1977. A follow up work meeting was to be held in December but was cancelled.

As of December 31, 1977, Richard Corr resigned as Chairman of the Board but wishes to remain on the board, so Co-Chairman Robert Burnham will act as Chairman until election in March.

Our thanks to those of you that have been so helpful to us in our year of work.

HIGHWAY DEPARTMENT REPORT

1977

I have the highest regard for the taxpayers money and therefore it pleases me to report that your highway department lived within the budget the voters of Hinsdale allowed this department.

During the early months of 1977 we experienced a very bitter and severe winter and the highway department did their very best to clear town roads, and sidewalks although some complaints were registered we did the very best we could under the most trying conditions.

The major project of 1977 was the construction of new sidewalks and repair of old and hazardous ones. New sidewalks included 200' on lower Main St. and the full length of Hancock St. Repairs included 65' on High St. and from the corner of Prospect St. 95' west on Brattleboro Rd.

Of interest to conservationists was the cutting and removal of dead and diseased trees in many areas of town. There are still trees needing to be removed and during 1978 we hope to continue progress in removing all dead and diseased trees throughout Town.

Of unfortunate interest to taxpayers is the high rate of turnover of personnel who leave us for higher paying jobs. During the Fall months we lost 75% of our good and experienced workers.

This creates many problems in training new men and experienced help is difficult to find. Late 1977 produced many early snow storms that caused inexperienced help problems, but they are learning and we are doing the best job we can. I handle complaints just as fast as possible usually the same day.

Your Board of Selectmen is always willing to assist me and the Highway Department when asked and I enjoy a fine repore with them. This, of course, is very beneficial.

The men of your Highway Department will continue to work hard and efficiently to best serve the taxpayers of Hinsdale.

I look forward to many more accomplishments in 1978.

HINSDALE PLAYGROUND COMMITTEE

1977 Report

Things got off to rather a slow start in 1977 for the Playground Committee, due, perhaps, to the fact that too much concentration was put on the Night Before the Fourth celebration rather early in the season. We truly regret the fact that the pool repairs were done extremely late in the season, so late in fact that the summer program barely got any use out of the pool. The pool has been equipped with a new filter and pump which will be good for many years to come. Jack Falvey did the installation and returned the pool to working condition. He has submitted a list of all the repairs (and costs) that are needed to put the pool in tip-top condition, and he has agreed to begin work on it early in the spring of 1978 provided the proposed budget is approved.

The summer program was a huge success this past summer with a great deal of the credit going to Paul Bonneville. The Little Red Wagon Caravan again made several appearances during the summer, and the kids took trips to various places of interest.

Once again, the Night Before the Fourth celebration was the most profitable ever. Some of the events we had hoped to have on that evening did not materialize, however, the crowd was large and the cash receipts were greater than ever before. Some mid-day events were added and, although the attendance and participation was not large, I think those who participated in them had a good time. This would be a good item to expand on in the future.

During the year Gary O'Neil and John Major both resigned from this committee and were replaced by Joseph Doucette and David Freitas.
